

DAIRY

fun facts:

Cows can smell something up to 6 miles away.

A typical cow stands up and lays down about 14 times a day.

Holsteins spots are like a fingerprint—no two cows have exactly the same pattern.

You can lead a cow upstairs but not downstairs—cows knees can't bend properly to walk downstairs.

DAIRY

fun facts:

Antibiotics given to cows **NEVER** enter the milk supply. Although they are milked, that milk is separated from other milk. Any milk that tests positive for antibiotics must be disposed of... that's the law!

More than 99% of all dairy farms nationwide are family owned and operated.
