FARM TOUR

BROUGHT TO YOU BY THE WAYNE COUNTY FARM BUREAU
A DRIVE-IT-YOURSELF TOUR OF SOUTHWESTERN WAYNE COUNTY

WAYNE COUNTY

OCTOBER 5 AND 6, 2024 | NOON TO 5 PM

WELCOME TO THE 2024 WAYNE COUNTY FARM TOUR

This year's tour takes visitors through the southwest quadrant of our picturesque county which includes Plain, Wooster, Clinton and Franklin townships. "The 2024 tour offers a plentiful and wide variety of 7 tour stops (1 is Saturday only)! We are excited to offer a tour that highlights family-owned farming operations as well as ag-related businesses. With delicious food and activities at each stop, it should appeal to attendees of all ages!

The scenery in these townships is beautiful this time of year. The gently rolling hills provide a picturesque landscape. Just driving these roads is relaxing and restful. Please remain alert, however, as hillcrests and curves can block your vision of very slow vehicles such as horse-drawn buggies, bicyclists, and farm equipment. We want your day to be one of nothing but pleasant memories. If you are one of our returning visitors - Welcome back! If this is your first visit to our annual tour - Enjoy! (We know you'll come back.)

Sincerely,
Kevin Ungerer, Katie Esselburn, Olivia Lang, Logan Rohr

The precision agriculture and construction management hardware and software were donated by Trimble and dedicated in 2023. We will also display our modern agronomic and specialty crop equipment used for research and student field laboratories in collaboration with industry partners.

Visitors can also tour our greenhouse, play on our public putting green, see live insects from our United Titanium Bug Zoo, and discuss opportunities for interested students and families at our Agricultural Technical Institute. Additionally, OSU Extension-Wayne County will highlight CFAES's ongoing commitment to lifelong learning and engagement. They will be sharing some information from our local 4-H programs, current information from our Ag & Natural Resource Educators on fall and winter programming and a display of past to present food preservation information.

Come join us to view our various programs and enjoy food available from our very own CFAES Café Carmen! Offerings include burgers, fried chicken, various sandwiches, sides and a salad bar.

WEST VIEW PAWPAW FARM is a small, 30-acre farm in Wayne County, Ohio, located on state route 3 just south of Wooster. Owned and operated by Loren and Mabel Kirchner, the third generation to farm this property. The farm features a restored 1880's bank barn, moved from Wooster in the early 1900's to its current location.

There are approximately 350 pawpaw trees in the orchard with about 1/3 of the trees currently yielding fruit, and about 10-15 additional trees coming into fruiting each year.

The orchard is maintained using holistic practices including mulching rows with wood chips supporting water conservation and development of the soil micro- and myco-biome, growing deeply rooted 'weeds' in the tree rows to help keep the soil loose and add

organic matter to the soil, the use of nitrogen fixing plants in the orchard lanes, and no use of pesticides or herbicides.

This year's farm tour should align with the pawpaw harvest season so there will be pawpaw fruit available to sample.

Pawpaw is a native fruit with a "tropical" taste. A well-ripened pawpaw is soft, custard-like with just the right sweetness and a refreshing banana flavor! Homemade ice cream, including homemade pawpaw ice cream, will be available to purchase during the farm tour. Additionally, BAMtastic Eatz will be on site offering smash burgers, gourmet all-beef hot dogs, fresh-cut fries and more.

TROUTMAN VINEYARDS |
4243 S COLUMBUS RD. WOOSTER, OH 44691

THIS STOP FEATURES Troutman vineyards and winery who are celebrating 25 vintages of growing and harvesting grapes at their location. Andy and Deanna Troutman founded the winery in 1997 with the aim of developing a small high quality winery using local grapes and fruit from Wayne County.

The original vineyard was planted in 1998 and the first grapes were harvested in 2000. The winery building was renovated from one of the farm's original chicken houses built in 1935. The winery tasting room was opened in 2001 and debut three different wines that year.

The winery has won numerous state and national medals and awards for its' wines and now produces 10-20 different wines annually.

ESSELBURN GRAIN & CATTLE FARM |
5911 SNODDY ROAD, SHREVE, OH 44676

TOM AND KELLY ESSELBURN began Esselburn Grain & Cattle Farm in 1986 when they moved into the 1860 farmhouse neighboring the small town of Big Prairie. Tom and Kelly both grew up with dairy animals, but after the first feeder calves arrived at the farm, they soon learned beef cattle are very different!

Together they embarked on their mission to farm successfully, investing in quality cattle handling systems, focusing on land conservation, and implementing sustainable management programs.

ESSELBURN GRAIN & CATTLE FARM | 5911 SNOODY ROAD, SHREVE, OH 44676

As the farm expanded over the years, so did the family. Tom and Kelly are parents to five adult children, and the next generation is leading more day-to-day operations of the farm business with Justin (Emily), Katie, and Andrea living locally, while Chris (Diana), and Nathan (Teresa) provide support remotely. Six wonderful grandchildren enjoy visiting Mimi and Pawpaw's farm to help out!

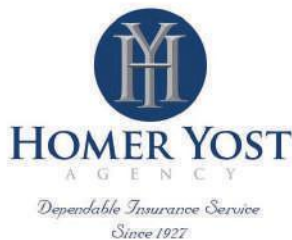

The business pivoted in 2020 after the pandemic brought live cattle sales at the local auction barn to an abrupt end.

With no market to sell a perishable product, the freezer beef business bloomed, and the Big Prairie Beef brand was developed. Online marketing efforts and community engagement has grown the farm-to-table business, and today nearly 80% of the calves are sold as Big Prairie Beef: quality, locally sourced, grass-raised grain-finished freezer beef.

2022 was another year of change as the old barn was torn down and a new confinement calving facility was put in place, offering tremendous benefits for cow-calf care and comfort. It features a nursery, heated washroom, working chute, loose housing comfort area, and a separate feed handling area.

This barn fosters an earlier calving season and allows the maintenance of growth and body condition in the cows and heifers, thereby supporting the success of the breeding program and overall healthier cattle.

THIS STOP WILL BE OPEN SATURDAY ONLY

SHREVE CUSTOM MEATS opened in 1945 as a meat locker. Nearby residents rented cold space for meat storage before the time that in-home freezers were available. In 1987, Ray Haas purchased the business and it has since evolved into a store offering full retail service in addition to custom processing of beef, pork, lamb and goat.

During the Saturday of the Farm Tour, attendees are invited to visit the store and enjoy samples that will be available to taste.

**SUMMERHILL FARM |
10233 MUNSON RD. SHREVE, OH 44676**

SUMMERHILL FARM is a 160-acre family farm with involvement from three generations. The farm has been in the family since 1983. It is about half wooded with the other half in pastures and cropland.

The main agricultural product is Polypay Sheep breeding stock. The sheep flock is selected for out of season lambing with NSIP/Lambplan EBV's used to help select the best ewes and rams. For over 35 years there were multiple lambs crops each year, but now lambing occurs once a year in the fall starting in mid-September. Ewes, with lambs by their sides, will be visible to visitors. Much of the cropland is in hay production for the summer but may also be rotationally grazed at times.

The original part of the remodeled farmhouse is from the 1860's, the bank barn is early 1900's and there is an early 1800's log cabin that was moved and reconstructed on the farm.

The log cabin and farmhouse are rented on Airbnb part of the year for vacation stays and retreats and are also used for family gatherings. During the Farm Tour we will be happy to show our rental spaces and share information to folks who are interested.

The farm is located on one of the highest hills in Wayne County and has a great west facing view. Visitors are encouraged to relax and just take in this part of beautiful Wayne County.
